PROFESSIONAL PROFILE

I have a Bachelor's in Computer Engineering, multiple certificates, and over 12 years of experience as a professional. I am a dynamic, self-driven, and dedicated individual. By using a rational, analytical, and creative approach to solve complex issues, I have distinguished myself. I have been providing effective solutions for Salesforce's ERP and CRM systems, and I am well-versed in networking. I also have experience with SQL Server and Oracle databases, SSRS and possess a strong understanding of Data Warehouse, SQL SSIS.

KEY EXPERIENCE AND ABILITIES

- Proven experience providing highly developed customer service and support to users to solve incidents and minimize impact and loss of productivity, providing remote and onsite assistance.
- Able to provide day-to-day technical support for internal desktop and laptop systems, servers and the associated network infrastructure.
- Extensive experience in data modelling using SQL, involving data validation and data quality activities.
- Able to create Reports using SSRS.
- Able to create Dashboards.
- Strong knowledge in Excel, creating a pivot table for creating financial reports for companies.
- Able to assist in designing and carry out data cleansing initiatives to drive alignment to data principles and standards, Identifying areas for opportunities and data improvements.
- Experience managing user administration and creation, assisting in the development and implementation of policies and procedures related to network, hardware, software, security and backup.
- Experience documenting processes and keeping documentation in order, following security protocol, using Jira Confluence.
- Time management skills and ability to manage competing priorities and meet deadlines.
- Excellent interpersonal and communication skills with the ability to build and maintain strong internal and external relationships with stakeholders.
- Strong organisational skills, with the ability to prioritise, organise and coordinate tasks.
- Able to work under pressure and multi-task, as well as to accept responsibility.

TECHNICAL SKILLS

- Strong skills in Excel, able to develop pivot tables, formulas and graphs.
- Ability to work in CRM Platforms.
- Jira Confluence
- Apex Classes and Visual Force
- Proficiency of Microsoft Office/365 products.
- Proficient in VB Language.
- Strong Knowledge in SQL Server, Oracle Strong Databases, SSIS and SSRS.
- Proficiency of TCP/IP networks, as well as Active Directory, DHCP, DNS, UDP, FTP, HTTP.
- Advanced English | General English at International House, Australia (Sep/2017 to Mar/2018).
- ICT System Analyst | Skill Assessment at Australian Computer Society (ACS), Australia (2021)

CERTIFICATIONS

- Data Science – Datascy – Nov 2022

PROFESSIONAL EXPERIENCE

AGROBUSINESS | SYDNEY, AUSTRALIA (JAN/2022 TO OCT/2022)

Agrolending Service Company | <https://www.agrolending.com.au/>

POSITION: SYSTEM ANALYST

- Supporting clients on using the lending application Salesforce
- Creation of advanced data queries, functions, and stored procedures to retrieve data (development)
- SQL scripting development and delivery (release management)
- New technology research and development
- Managing Salesforce roles, profiles, sharing rules, workflows, and groups.
- Importing leads, contacts, accounts, facilities, Loans and other data.
- Building custom reports and dashboards.
- Documenting processes, including error reports and changes to field history tables.
- Preparing reports for lending and other departments.
- To cover the entire process, functional flows and process builders, including positive and negative flows, were created.
- Test cases (sandbox) documented using Jira Confluence
- Building reports with SSRS
- Develop data models for the business, extracting data from multiple internal systems with SSIS.

KEY ACHIEVEMENTS:

- I implemented a pdf report made by Visualforce and Apex.
- I fixed the apex limit exceeded and the client could not send many emails through Salesforce. Indexes were created in the flow and I did a lot of testing and followed the whole process.

PROFESSIONAL DEVELOPMENT | (AUG/2017 TO DEC/2021)

Career Break

Studying to improve my skills:

- SQL 2016 (Triggers, Procedures, Views, windows function), SSRS Report, and SSIS (ETL).
- Salesforce Administrator (Reports, Dashboards, Create Users, Profiles, flows, process builder)
